SECTION 1: Identification of the substance/mixture and of the company/undertaking

1.1 Product identifier

Product name: Black Toner for
P-5531DN, P-6031DN, P-6033DN, P-5536i MFP, P-6036i MFP,
P-6038i MFP, P-6038f MFP, P-5532DN

Consumable name: PK-3012

Product form: Mixture

1.2 Relevant identified uses of the substance or mixture and uses advised against

Identified uses: The image formation of our electrophotographic equipment. Other uses are not recommended.

1.3 Details of the supplier of the safety data sheet

Manufacturer: KYOCERA Document Solutions Inc.
Address: 1-2-28 Tamatsukuri, Chuo-ku, Osaka 540-8585, Japan

Supplier: TA Triumph-Adler GmbH
Address: Ohechaussee 235
22848 Norderstedt
Germany

1.4 Emergency telephone number: +49 (0) 40 / 528490
(This number is available only during office hours)

SECTION 2: Hazards identification

2.1 Classification of the substance or mixture

Classification according to Regulation (EC) No 1272/2008 (CLP)
Not classified as hazardous mixture.

2.2 Label elements

Labelling according to Regulation (EC) No 1272/2008 (CLP)
Not applicable.

2.3 Other hazards

Assessment of PBT/vPvB
No data available.
See section 4 and 11 for information on health effects and symptoms.
See section 9 for dust explosion information.
**SECTION 3: Composition/information on ingredients**

### 3.2 Mixtures

<table>
<thead>
<tr>

**Information of ingredients**

(1) Substance, which present a health or environmental hazard within the meaning of CLP:
   - None.

(2) Substance, which are assigned Community workplace exposure limits:
   - None.

(3) Substance, which are PBT or vPvB in accordance with the criteria set out in Annex XIII of REACH:
   - None.

(4) Substance, which are included in the list established in accordance with Article 59(1) of REACH (SVHC):
   - None.

See section 16 for the full text of the H statements declared above.

**SECTION 4: First aid measures**

### 4.1 Description of first aid measures

**Inhalation:** Remove from exposure to fresh air and gargle with plenty of water. Consult a doctor in case of such symptoms as coughing.

**Skin contact:** Wash with soap and water.

**Eye contact:** Flush with water immediately and see a doctor if irritating.

**Ingestion:** Rinse out the mouth. Drink one or two glasses of water to dilute. Seek medical treatment if necessary.
4.2 Most important symptoms and effects, both acute and delayed

Potential health effects and symptoms

**Inhalation:** Prolonged inhalation of excessive dusts may cause lung damage. Use of this product as intended does not result in prolonged inhalation of excessive toner dusts.

**Skin contact:** Unlikely to cause skin irritation.

**Eye contact:** May cause transient eye irritation.

**Ingestion:** Use of this product as intended does not result in ingestion.

4.3 Indication of any immediate medical attention and special treatment needed

No additional information available.

SECTION 5: Firefighting measures

5.1 Extinguishing media

Suitable extinguishing media

- Water spray, foam, powder, CO₂ or dry chemical

Unsuitable extinguishing media

- None specified.

5.2 Special hazards arising from the substance or mixture

Hazardous combustion products: Carbon dioxide, Carbon monoxide

5.3 Advice for firefighters

- Pay attention not to blow away dust. Drain water off around and decrease the atmosphere temperature to extinguish the fire.

Protection equipment for firefighters

- None specified.

SECTION 6: Accidental release measures

6.1 Personal precautions, protective equipment and emergency procedures

- Avoid inhalation, ingestion, eye and skin contact in case of accidental release.
- Avoid formation of dust. Provide adequate ventilation.

6.2 Environmental precautions

- Do not allow to enter into surface water or drains.

6.3 Methods and material for containment and cleaning up

- Gather the released powder not to blow away and wipe up with a wet cloth.
6.4 Reference to other sections
   See section 13 for disposal information.

SECTION 7: Handling and storage

7.1 Precautions for safe handling
   Do not attempt to force open or destroy the toner container or unit.
   See installation guide of this product.

7.2 Conditions for safe storage, including any incompatibilities
   Keep the toner container or unit tightly closed and store in a cool, dry and dark place.
   Keeping away from fire. Keep out of the reach of children.

7.3 Specific end use(s)
   No additional information available.

SECTION 8: Exposure controls/personal protection

8.1 Control parameters
   US ACGIH Threshold Limit Values (TWA)
   Particles: 10 mg/m³ (Inhalable particles) 3 mg/m³ (Respirable particles)
   Titanium dioxide: 10 mg/m³

   US OSHA PEL (TWA)
   Particles: 15 mg/m³ (Total dust) 5 mg/m³ (Respirable fraction)
   Amorphous silica: 80 mg/m³/40%SiO₂  Titanium dioxide: 15 mg/m³ (Total dust)

   2009/161
   Not listed.

8.2 Exposure controls
   Appropriate engineering controls
   Special ventilator is not required under normal intended use.
   Use in a well ventilated area.

   Personal protective equipment
   Respiratory protection, eye protection, hand protection, skin and body protection are not required under normal intended use.

   Environmental exposure controls
   No additional information available.
### SECTION 9: Physical and chemical properties

#### 9.1 Information on basic physical and chemical properties

#### 9.2 Other information

Dust explosion is improbable under normal intended use. Experimental explosiveness of toner is classified into the same rank such kind of powder as flour, dry milk and resin powder according to the pressure rising speed.
SECTION 10: Stability and reactivity

10.1 Reactivity
No data available.

10.2 Chemical stability
This product is stable under normal conditions of use and storage.

10.3 Possibility of hazardous reactions
Hazardous reactions will not occur.

10.4 Conditions to avoid
None specified.

10.5 Incompatible materials
None specified.

10.6 Hazardous decomposition products
Hazardous decomposition products are not to be produced.

SECTION 11: Toxicological information

11.1 Information on toxicological effects
Based on available data, the classification criteria listed below are not met.

Acute toxicity
- Oral (LD_{50}) >2000 mg/kg (rat)*
- Dermal (LD_{50}) No data available. (Toner)
- Inhalation (LC_{50}(4hr)) >5.0 mg/l (rat)*

Skin corrosion/irritation
- Acute skin irritation Non-irritant (rabbit)*.

Serious eye damage/irritation
- Acute eye irritation Minimal irritant (rabbit)*.

Respiratory or skin sensitization
- Skin sensitization Non-sensitizer (mouse)*.

Germ cell mutagenicity
Ames test is negative.
(based on test result of constituent materials) (Toner)
*(based on test result of similar product) (Toner)
11.1 Information of ingredients:

No mutagen according to MAK, TRGS 905 und (EC) No 1272/2008 Annex VI.

Carcinogenicity

Information of ingredients:

No carcinogen or potential carcinogen (except Titanium dioxide) according to IARC, Japan Association on Industrial Health, ACGIH, EPA, OSHA, NTP, MAK, California Proposition 65, TRGS 905 und (EC) No 1272/2008 Annex VI.

The IARC re-evaluated Titanium dioxide as a Group 2B carcinogen (possibly carcinogenic to humans) as the result of inhalation exposure test in rats. But, oral/skin test does not show carcinogenicity (2). In the animal chronic inhalation studies for Titanium dioxide, the lung tumour was observed only in rats. It is estimated that this is attributed to the overload of rat’s lung clearance mechanism (overload phenomenon) (3). The inhalation of excessive Titanium dioxide does not occur in normal use of this product. Also, epidemiological studies to date have not revealed any evidence of the relation between occupational exposure to Titanium dioxide and respiratory tract diseases.

Reproductive toxicity

Information of ingredients:

No reproductive toxicant according to MAK, California Proposition 65, TRGS 905 und (EC) No 1272/2008 Annex VI.

STOT-single exposure No data available.
STOT-repeated exposure No data available.
Aspiration hazard No data available.

Chronic effects

In a study in rats by chronic inhalation exposure to a typical toner, a mild to moderate degree of lung fibrosis was observed in 92% of the rats in the high concentration (16 mg/m³) exposure group, and a minimal to mild degree of fibrosis was noted in 22% of the animal in the middle (4mg/m³) exposure group (1). However, no pulmonary change was reported in the lowest (1mg/m³) exposure group, the most relevant level to potential human exposures.

Other information No data available.
SECTION 12: Ecological information

12.1 Toxicity
No data available.

12.2 Persistence and degradability
No data available.

12.3 Bio accumulative potential
No data available.

12.4 Mobility in soil
No data available.

12.5 Results of PBT and vPvB assessment
No data available.

12.6 Other adverse effects
No additional information available.

SECTION 13: Disposal considerations

13.1 Waste treatment methods
Do not attempt to incinerate the toner container or unit and the waste toner yourself. Dangerous sparks may cause burn. Any disposal practice should be done under conditions, which meet local, state and federal laws and regulations relating to waste (contact local or state environmental agency for specific rules).

SECTION 14: Transport information

14.1 UN-number
None.

14.2 UN Proper shipping name
None.

14.3 Transport hazard class(es)
None.

14.4 Packing group
None.

14.5 Environmental hazards
None.
Safety Data Sheet
according to Regulation (EC) No 1907/2006 (REACH)

SDS Number: PK3012-TA-UT-05-EN Issue date: 12/09/2016
Revision date: 09/08/2019 Effective date: 09/08/2019
Version: 05 Replace version: 04

14.6 Special precautions for user
No additional information available.

14.7 Transport in bulk according to Annex II of MARPOL73/78 and the IBC Code
Not applicable.

SECTION 15: Regulatory information

15.1 Safety, health and environmental regulations/legislation specific for the substance or mixture

EU- regulations
Regulation (EC) No 1005 / 2009 (on substances that deplete the ozone layer, Annex I and II):
Not listed.
Not listed.
Regulation (EU) No 649 / 2012 (concerning the export and import of dangerous chemicals, Annex I and V as amended):
Not listed.
Regulation (EC) No 1907 / 2006 REACH Annex XVII as amended (Restrictions on use):
Not listed.
Not listed.

US-regulations
All ingredients in this product comply with order under TSCA.

Canada regulations
This product is not a WHMIS-controlled product, since we consider it as a manufactured article.

15.2 Chemical Safety Assessment
No data available.
Safety Data Sheet
according to Regulation (EC) No 1907/2006 (REACH)

SDS Number: PK3012-TA-UT-05-EN  Issue date: 12/09/2016
Revision date: 09/08/2019  Effective date: 09/08/2019
Version: 05  Replace version: 04

SECTION 16: Other information

To the best of our knowledge, the information contained herein is accurate. However, we cannot assume any liability whatsoever for the accuracy or completeness of the information contained herein. The contents and format of this SDS are in accordance with Regulation (EC) No 1907/2006, Annex II as amended by Regulation (EU) No 830/2015 with respect to SDSs.

Revision information: Format change
